

Massachusetts State Police Academy

Professional Development Series

At-Scene Crash/Traffic Homicide Investigation

Course Description:

This course, which is offered by IPTM (**Institute of Police Technology and Management**) will arm you with the necessary skills to conduct a thorough traffic crash investigation and properly document your findings for courtroom presentation.

We will show you the proper procedures for measuring, scale diagramming, and photographing in order to record physical evidence and essential facts available only at the crash scene. You will learn the fundamentals of mathematics, physics and engineering as they pertain to crash investigations and the proper mathematical equations to apply for the type of crash being investigated. Finally, you will learn to analyze the information to determine what happened before, during, and after the collision.

Controlled experiments with skidding vehicles and other projects throughout the course will allow you to apply these concepts to actual field situations.

Dates and Location:

M-F Jan. 28, thru Feb. 8, 2008 @ 0800 hrs. 1700 hrs.
at the Massachusetts State Police Academy

Who Should Attend:

Municipal, Campus and State Police Personnel
